This book is dedicated to children spanning the globe,
all of whom are bathed in the rays of the sun and
cradled to sleep under the same watchful eye of the moon.

To children both near and far, who shimmer in all the
colors of the rainbow, healthy or sick, wealthy or poor,
happy or sad, remembered or forgotten, lonely or not.

May the *lovelight* within you be nurtured and may it
cast a protective, loving glow that transcends all.

Do you know that I am filled
with magic?

And so are you?

I have a lovelight.

Just like you do, too.

The background is a solid yellow color with a subtle, textured pattern of swirling, spiral-like lines in a slightly darker shade of yellow. These swirls are scattered across the entire page, creating a sense of movement and depth.

My lovelight is a special gift,
a part of the universe all around;
a part of me so sacred,
it guides me without making a sound.

It lives in a precious place
and is lovingly known to me;
it is a part of my spirit,
which I can share with all,
you see.

When I take a giant breath
and close my seeing eyes,
I can draw deep inside
my-lovelight-self,
where answers come easily
without disguise.

The background is a solid light green color with a subtle, artistic pattern of darker green swirling lines and spirals, resembling stylized vines or smoke. The pattern is more concentrated in the lower half and fades slightly towards the top.

And when I let my lovelight shine,
and it glows with happiness and delight,
I clearly see the path to all that is good,
whether it is day or the darkest dark
of night.

And if I feel sad and lonely,
or sometimes a wee bit blue,
I nudge my lovelight to sparkle
and glisten,
blanketing me with fresh
love-droplet dew.

The streaks of silver then
shining from my heart
make for a smiling feeling
and sight;
those around me cherish
its magic,
and kindle their own lovelights
with speedy might.

One light lights another,
and so the flame of love begins
to grow.

Its heat is made up of kindness
and respect,
enveloping earth in its brilliant glow.

No matter how small you
or I might be,

a loving light makes for a whale
of a snuggly feel.

Give in to its tenderness
to unleash a power true and real.

With a sprinkle of stillness
in your thoughts,
seek the lovelight in your heart.

It is always there for you,
faintly whispering right from wrong
in all that you do.

Our wondrous world depends on us
to shower all with peace,
to behold a beauty so precious
and rare,
unlocked by our very own
lovelight keys.

“May you always remember the lovelight in your heart. Nurture it, and take it out into the big, wide, beautiful world.”
